Announcement No. 29-24R		
PWO #: 003	Position title: Engineer (General), #525, BWT-1, Grade-7, LPL-3	
MLC F/T Permanent	Number of position(s): 1	Location: Camp Lester
Organization: Defense Policy Review Initiative (DPRI)		
Area of consideration 募集範囲: Japan Wide (MLC/IHAs employed in Okinawa) 日本国内にて雇用されている全 MLC/IHA 従業員 **Those willing to relocate at their own expense**		Closing date: (提出期限) 19 Mar 24
Summary of duties: The incumbent works under the general supervision of the Deputy, Okinawa Consolidation. The primary function engineer is to support the Okinawa Consolidation Program Management Office (OKI CON PMO) in planning, programming, administering, and managing capital improvement projects and programs including MILCON, Japanese Facilities Improvement Program (JFIP), Special Action Committee on Okinawa (SACO), and other related municipal government projects. The primary purpose of this position is to support OKICON Facility Planner/Project Manager conducting long range master planning. Develops and reviews architectural/civil engineering criteria including complicated and large state-of-the-art projects prior to submission to GOJ for each project to ensure technical adequacy. Evaluates technical quality and adequacy, clarity of content, fulfillment of requirements and adequacy of facility support. Coordinates and manages the review and evaluation of general engineering plans and contract specifications prepared by GOJ (Okinawa Defense Bureau ODB) or construction/engineering firms to ensure identification of discrepancies including inadequacies in structure, systems, and functional or performance reliability, and relationship to American standards and requirements. As a representative of the Marine Corps, coordinate architectural/civil engineering design and construction of facility projects to be accomplished by the GOJ. Participates in installation architectural/civil engineering efforts, providing technical assistance to tenant and user activities on all matters of architectural/civil including functional layout, technical requirements, standards and construction scheduling.
