Area of consideration 募集範囲: Okinawa Wide (MLA/IHAs employed in Okinawa) 沖縄県内にて雇用されている全 MLA/IHA 従業員		Closing date: (提出期限) 21 Aug 26
Summary of duties: Performs a wide variety of maintenance inspections on electrical systems in approximately 8,000 facilities, including overhead and underground systems, transformers, circuit breakers, rectifiers, utility systems, tower systems, runway lighting, emergency generators, electric motors, street and area lighting, and high voltage facility systems. Conducts extensive research using computers, manual files, floor plans, and Geographic Information System (GIS) drawings, in addition to reviewing the Facilities History Folder, prior to inspections. Develops accurate and detailed project plans, labor and material cost estimates, scopes of work, and statements of objectives for new construction, renovation, modification, maintenance, and repair of electrical systems. Provides a wide variety of construction management services including field investigations, planning, reporting, and scheduling to ensure compliance with electrical requirements and contract provisions. Works during Typhoon conditions to survey damage for emergency responder crews, providing a detailed damage assessment with required materials, man-hours, and costs to repair, and assign priority for repair actions. Prepares site plans, technical drawings, sketches, project location maps, independent government estimates, and other cost estimates as required. Conducts technical inspections, evaluations, and analysis of existing electrical equipment and systems to identify problems or trends and recommend improvements. Provides technical guidance and advice to military officers, non-commissioned officers, federal civilian employees, agency specialists, contractors, and maintenance personnel. Performs inspections based upon experience and complete required Work Orders to notify repair personnel of required actions. Forecasts electrical system repairs up to five years in advance for planning purposes. Makes and provides hand sketches, computer drawings, photos, and/or maps to assist repair personnel with location and required repairs. Performs technical evaluations of contractor submittals for compliance with agency objectives, applicable codes, and contract provisions; reviews and/or prepares proposals for change orders. Enters all inspection report findings into the computer Maximo database and maintains all reports for facilities and utility systems across various entities such as MCB Camp Butler, DODDS, AAFES, MCCS, DRMO, DECCA, Navy, Army, Air Force, Girl Scouts and Boy Scouts. Performs Asbestos, Lead-Based Paint, and Hazardous Material sampling of all facilities and process samples for submission to the lab. When results are received files reports, updates files, posts appropriate warning signs, and initiates action for material removal. Schedules inspections based upon facility size, location, transportation availability, and time elapsed since the last inspection. Arranges for transportation (e.g., Government-Owned Vehicles (GOV), commercial airplanes, ships, buses, and taxis) and assemble required support equipment to travel to facility locations, including extended travel for weeks on Temporary Additional Duty (TAD). Complete travel documents and payroll requests for special payments. Maintains and updates Form SOB/MAIN 11014/7 Building Long Range Maintenance and a database of work to be accomplished, accomplished work, and work in progress. Directs in-house maintenance tradesmen as needed for assigned projects. Attends refresher training to maintain certification as required at the Journeyman Level to be an Inspector. Performs other additional/incidental duties as required.		
Qualification Requirements 資格条件 1. Experience in all electrical systems to include: low voltage, high voltage, transformers, commercial electrical applications, and generators/ATS housing. 2. Must have at least 4 years of electrical experience. 3. Must have computer skills and capable of using entire Microsoft Office Suite. Maximo experience is strongly recommended. 4.
