

CHRO ANNOUNCEMENT: FY19 NON-TEMPORARY STORAGE (NTS) RENEWALS

Target Audience: Civilian Employees

Civilian employees with storage at Government expense ("NTS") may start receiving expiration of funding notices as we near the end of the fiscal year. For the appropriated fund employees that we service, CHRO will update the FY19 accounting information on your behalf and send it directly to the storage facility to continue your storage. If you receive a notice from your storage facility, you may forward it to CHRO US Employee Relations at mcipac_chro_usemplrel@usmc.mil, but rest assured that we will send the new lines of accounting to the storage facilities as soon as our FY19 funds are available for release. Please watch for an extension letter from us to your storage facility around late September or early October. If you have any questions, please call the Civilian Human Resources Office (Employee Relations Team) at DSN 645-7548 or email mcipac_chro_usemplrel@usmc.mil.
