
CHRO TRAINING ANNOUNCEMENT: LYNDA.COM UPGRADING TO LINKEDIN LEARNING

Target Audience: All Appropriated Fund (APF), GS/WS/WG Employees

Subject: Lynda.com Upgrading to LinkedIn Learning

HQMC - Community of Interest (COI), also known as the Career Field Program is currently upgrading it's online training tool, "Lynda.com" to "LinkedIn Learning".

Due to this transition, the Website has been blocked on all Marine Corps Enterprise Networks (MCEN). A waiver has been submitted to have it unblocked so that we can continue to use that training platform.

Anyone seeking to gain an account for the first time with LinkedIn Learning or individuals who have let their account login expire with Lynda.com, they will have to wait for the Marine Corps to unblock the site.

CHRO Training will announce through OkiNews once the Block has been lifted.

For those who already have active accounts with Lynda.com and need to make the transition over to LinkedIn Learning, please send e-mail to: mcbbutlerchrotraining@usmc.mil for activation process info.
