| NAHA PORT | 652-XXXX | “ | “ | “ | “ | “ |

1. Calling On-Base from Off-Base: Dial SWITCH BOARD number and wait for the second dial tone, then dial the 7 digit extension number.

2. Off base callers can dial directly to a Marine Base phone number.
(*Not all the phone numbers below has the Direct inward dial.)

The corresponding numbers for the direct inward dial:

622-XXXX = (098)-954-XXXX

623-XXXX = (098)-969-XXXX

645-XXXX = (098)-970-XXXX

646-XXXX = (098)-971-XXXX

Callers from U.S.A also can dial directly to a Marine Base phone number.

The corresponding numbers for the direct inward dial:

622-XXXX = 011-81-98-954-XXXX

623-XXXX = 011-81-98-969-XXXX

645-XXXX = 011-81-98-970-XXXX

646-XXXX = 011-81-98-971-XXXX

3. Direct inward dial does not apply to 625-XXXX, 636-XXXX, 637-XXXX, 652-XXXX.

TROPICAL CYCLONE CONDITIONS OF READINESS (TCCOR)

| CONDITIONS | DEFINITIONS |
|-----------------------------------|--|
| TCCOR 4 (TC-4) | Destructive winds of 50 knots or greater are possible within 72 hours. TCCOR 4 will be continuously in effect as a minimum condition of readiness from 1 June to 30 November annually. Now is the time to stock-up on food and Typhoon Supplies. |
| TCCOR 3 (TC-3) | Destructive winds of 50 knots or greater are possible within 48 hours. Initiate a general cleanup around homes and office. |
| TCCOR 2 (TC-2) | Destructive winds of 50 knots or greater are anticipated within 24 hours. Remove or secure all outside items. |
| TCCOR 1 (TC-1) | Destructive winds of 50 knots or greater are anticipated within 12 hours. No school for DoDDS students. Staff and teachers will work normal hours, unless changed by DoDDS superintendent. Fill any containers you can use for water storage. If you live in low lying quarters, make arrangements to stay with a friend. Make final check of food and other supplies. |
| TCCOR 1- CAUTION (TC-1C) | Destructive winds of 50 knots or greater are anticipated within 12 hours. Actual winds are 34-49 knots. All nonessential personnel will be released to their quarters at this time. DoDDS schools will close at this time. Staff and teachers return home or remain home. Base exchange, shops, Commissary, Shoppettes, Gas Station, Services facilities, Clubs, Restaurants, Recreational Facilities and Post Office will close. Movement about the base should be kept to a minimum. SFS will enforce "essential vehicles only" policy. (Reference Base 0-Plan 32-1 "Base Disaster Operations Plan") |
| TCCOR 1- EMERGENCY (TC-1E) | Actual winds of 50 knots or greater. All outside activity is prohibited. |
| TCCOR 1- RECOVERY (TC-1R) | Destructive winds of 50 knots are no longer occurring. Actual winds are 34-49 knots. Nonessential functions remain closed unless directed by the commander. All put emergency essential personnel remain in their quarters. |
| STORM WATCH (TC-SW) | The typhoon is moving away but the base is still feeling some effects. Hazardous conditions may exist due to storm damage. In some cases the storm could return to Okinawa, so stay alert. All military and civilian personnel will return to work within 2 hours or at normal duty hours unless otherwise instructed by their commander. The Commissary and BX will resume operations, unless directed otherwise by the installation commander. |
| ALL CLEAR | Hazardous conditions and winds are no longer present. Return to normal duties. All Clear is announced when all hazards have been cleared. DoDDS teachers, staff and students will return to school during normal hours. From June 1 st to November 30 th Okinawa will return to TCCOR 4. |

NOTE: The wind speeds shown above for each TOCCOR serve as a guide for decision making. The final decision on TCCOR declaration rests with the Commander, 18th Wing based on wind speed, weather forecast, safety and operational and mission concerns.

GENERAL INFORMATION

1. THE JOINT UNIFORM TELEPHONE COMMUNICATION PRECEDENCE SYSTEM

a. GENERAL INSTRUCTIONS

(1) The Joint Uniform Telephone Communications precedence system is directed for use by all authorized users of the voice communication facilities of the Department of Defense. Since the effectiveness of the system depends upon cooperation on the part of persons authorized to employ it, customers must be familiar with the purpose that is served by each precedence category and the types of calls which may be assigned to the respective precedence. Each authorized user should consider whether a call requires special precedence and exercise care not to request or utilize one higher than the circumstances require.

(2) The Joint Uniform Telephone Communications precedence system does not make provisions for the conduct of test and exercise calls. Those activities or individuals authorized or required to conduct such tests and exercises will employ precedence consistent with the nature of the test or exercise, and upon contacting the called party will identify the precedence of the call.

(3) The precedence designators listed below are directed for joint use and specify the relative order in which telephone calls should be handled based on the importance (content) of the call.

b. PRECEDENCE DESIGNATOR

(1) **IMMEDIATE:** Has precedence over any other telephone call of lower precedence. Pre-empts lower precedence calls. The IMMEDIATE precedence is reserved generally for telephone calls pertaining to:

- (a) Situations which gravely affect the security of national and allied forces.
- (b) Reconstitution of forces in a post-attack period.
- (c) Intelligence essential to national security.
- (d) Conduct of diplomatic negotiations to reduce or limit the threat of war.
- (e) Implementation of Federal Governmental actions essential to national survival.
- (f) Civil defense actions concerning direction of our population and their survival.
- (g) Vital information having an immediate effect on aircraft, spacecraft, or missile operations.

(2) **PRIORITY:** Has precedence over any other telephone calls of lower precedence. Pre-empts lower precedence calls. Priority precedence is reserved generally for telephone calls requiring expeditious action by called parties and/or furnishing essential information for the conduct of government operations.

(3) **ROUTINE:** Has no precedence over any other call, and is handled sequentially as placed by the calling party. Does not pre-empt any call. Routine designation applies to those official government communications that require rapid transmission by telephone means, but do require preferential handling.

GENERAL INFORMATION

2. DEFENSE SWITCHED NETWORK (DSN) OPERATING PROCEDURES

a. GENERAL

DSN is the principal voice communications network within the Defense Communications System, providing non-secure direct distance dialing service worldwide through a system of government-owned and leased automatic switching facilities. The purpose of DSN is to handle essential command and control, operations, intelligence, logistic, diplomatic and administrative traffic.

b. PRECEDENCE

(1) **MLPP (Multilevel Precedence and Preemption)** – The Joint Uniform Telephone Communications precedence system is directed for use by all authorized users of the voice communication facilities of the Department of Defense. Since the effectiveness of the system depends on cooperation on the part of the person authorized to employ it, users must be familiar with the purpose that is served by each precedence category and the types of calls which may be assigned the respective precedence.

(2) Precedence requirements are justified in terms of explicit mission need, to include an explanation of negative mission impact if the request is not approved.

(3) To request precedence access contact 18 CS/CFP at 634-2666 a telephone service request memo will need to be filled out and return to 18 CS/SCOIV ORG. priority and Immediate DSIN service will be submitted to 18 CS/CC for validation. Once request is validated the request will be sent n DISA PAC office for approval.

c. USE OF THE DSN

(1) **Will be authorized for OFFICIAL calls and restricted to:**

- (a) Only calls that are essential and require a timeliness that cannot be obtained by other means.
- (b) The minimum time required to accomplish the official business and not normally exceeding 5 minutes.
- (c) Valid Health, Morale, and Welfare calls as defined in the appropriate CINCPAC directives.

d. TELEPHONE MONITORING

The DSN system is provided for transmission of official government information and is subject to monitoring at all times. **Use of the DSN system constitutes consent to being monitored.**

e. PERSONAL CALLS

Personal and unofficial calls over the DSN system are prohibited, except as noted above.

f. DSN DIALING INSTRUCTIONS

(1) **Operator Assisted:**

- (a) At U.S. Air Force Base to place a call with a higher precedence than routine, dial the following numbers:

| Dial | Precedence |
|------|------------|
| 92 | IMMEDIATE |
| 93 | PRIORITY |
| 94 | ROUTINE |

(2) **Direct Dial:** All Class A subscribers may direct dial DSN numbers in the Pacific area at routine precedence by dialing the seven-digit DSN number (Dialing must be completed without delay; a pause of 15 seconds or more will result in a busy signal.)

GENERAL INFORMATION

(3) **For Operator Assisted Call:** All users should provide the DSN operator with the following information:

- (a) The precedence of the call.
- (b) DSN control number (obtained from your unit Telephone Control Officer).
- (c) Name, Rank, Organization, and Telephone number.
- (d) Called location (military and geographical location).
- (e) Any additional information required by the operator.

3. OFFICIAL LONG DISTANCE INTERNATIONAL TELEPHONE SERVICE

International Telephone service for official military business is available for areas **NOT** served by DSN. **Only calls with the proper authorization will be booked through the following switchboards.** Contact your Telephone Control Officer for a control number.

| | |
|-----------------------|--|
| ◆ Air Force Personnel | Kadena Switchboard: Dial 0 (Operator assistance) |
| ◆ Army Personnel | Consult your Telephone Control Officer |
| ◆ Marine Corps | Consult your Telephone Control Officer |
| ◆ Navy Personnel | Consult your Telephone Control Officer |

4. SECURITY

Telephone communications facilities are subject to monitoring to determine operational efficiency and proper usage of the system. The U.S.F.J. Okinawa with DSN administrative telephone system is not secure. Classified information is not to be discussed via this system unless using secure telephones.

5. BOMB THREAT

Subscribers receiving bomb threat calls are requested to do the following:

- a. Immediately dial "911" and notify the Security/Military Police, using a different telephone if possible.
- b. Try to ascertain the sex, accent, age, attitude and background noise through conversation with the caller. Use an AF IMT 440 or the Kadena combined security card if available.

6. OBSCENE CALLS/MALICIOUS CALL HOLD (MCH)/CALL TRACE POLICY AND CAPABILITY

a. Call trace capabilities for bomb threat or nuisance calls are greatly enhanced if the customer uses the telephone's Malicious Call Hold (MCH) feature during the call.

- (1) While caller is on the line, momentarily depress the hook switch (dial tone), and then dial *57. MCH is activated when the caller returns to the line.
- (2) After MCH is activated, continue asking caller questions. Dial 911 from another phone if possible, or use your phone if the caller hangs up.

GENERAL INFORMATION

b. In the event of a **Non-life Threatening/Nuisance/Harassment** call to your line you should contact your First Sergeant with time and dates of receiving the call and any other helpful information you can gather about the call. The local security forces, Office of Special Investigations, and Staff Judge Advocate will request the call trace through the 18 CS Call Trace desk (634-7777) and receive the results obtained.

c. **Active Life Threatening Calls:** Call the Security Police Law Enforcement Desk by dialing 911.

7. MINIMIZE

MINIMIZE is a condition where normal telephone traffic is drastically reduced to avoid delaying messages connected with an actual or simulated emergency. When MINIMIZE is in effect, switchboard operators will challenge all originating calls in the following manner: "MINIMIZE is in effect. Only vital calls will be accepted. Is this a vital call?" If an affirmative reply is received, the call will be completed. Otherwise, the caller will be requested to reinitiate the call after the MINIMIZE is lifted.

8. RECEIVER OFF-HOOK

Receivers left off hook with the intent to busy the line more than three times during any 60-day period could lead to phone disconnect.

9. TAMPERING WITH GOVERNMENT OWNED TELEPHONE EQUIPMENT

Telephone instruments, associated wiring and other telephone items will not be moved, connected, disconnected, or otherwise tampered with by personnel other than those specifically assigned to do such work. Tampering or misuse of government telephone equipment is sufficient cause for issuance of a statement of charges and termination of telephone service.

10. OBTAINING OFFICIAL TELEPHONE SERVICE

Requests for official telephone service will be submitted in accordance with established policies and procedures of the requesting activity's supporting Communications Telephone Office (See Governing directives: AFMAN 33-145, MPTO 00-3A-1110, MPTO 00-3A, AFI 23-111, TO 00-33D-3003 and TO 00-33D-2002). Unit communications officers are advised to coordinate their official telephone service requirements with their supporting telephone office prior to accomplishing any telephone installation work orders. Official service requests must be validated by the responsible telephone control officers or appropriate authority, located as follows:

a. AIR FORCE

GENERAL INFORMATION

12. PRIVACY ACT OF 1974

Authority: Chapter 31, Title 44, U.S.C. 3101.

Under the provisions of the Privacy Act of 1974, an option to have quarter's numbers and personal telephone numbers not listed in the telephone directory is extended to all Class "B" subscribers. Failure of refusal to exercise this option constitutes approval for directory listings.
